

# ASSEMBLY INSTRUCTIONS

## STYLE#21321

### Carefully unpack all lamp parts from the carton.

1. Take the lamp carefully out of the carton, and place it on a flat surface.
2. Be sure the power to the installation point is powered off.
3. Adjust cord to desired length for your ceiling height. **Cut and remove excess cord.**
4. Thread **Nipple#2** on the bottom of the **Rod** onto the **Rod Base**, then secure it with **Finial Screw**. Hand tighten until snug. Secure the rest eight rods the same way.
5. Fasten the **Cross bar** to the outlet box. Locate the **Washer** and **Nipple #1**, then thread them into the center of the **Cross Bar**.
6. Secure **Nipple #1** onto the **Canopy** with **Loop#1**.
7. Thread **Loop #2** onto **Nipple #2**. Hand tighten until snug.
8. Connect the **Chain** and **Loop #1** with **Quick Link #1**, then connect **Loop #2** with **Quick Link#2**.
9. Pass supply wire through **Loop #2** and **Quick Link #2**, then wind onto the **Chain** and thread from the center of the **Cross Bar**.
10. The power supply wire consists of three wires, one black wire, one white wire and one silver ground wire.
11. Connect the wires as shown:
  - A. Connect the House Ground Wire to the Fixture Ground Wire.
  - B. Connect the House White or Ribbed Wire to the Fixture Supply Wire (White or Ribbed Side).
  - C. Connect the House Black/Red Wire to the Fixture Supply Wire (Black or Smooth Side).
  - D. Wrap each connected wire with Wire Connector and carefully stuff all of the connected wires into the Outlet Box.
12. Adjust each **Wire** to a natural bending situation.
13. Install correct **Bulbs** referring to fixture markings and/or labels for maximum wattage. (Bulbs Included)
