ASSEMBLY INSTRUCTIONS

STYLE#22141

Carefully unpack all lamp parts from the carton.

1. Take the lamp carefully out of the carton, and place it on a flatsurface.
2. Be sure the power to the installation point is powered off.
3. Fasten the **Universal Bar** to the outlet box.
 - a. Adjust cord to desired length for your ceiling height. **Cut and remove excess cord.**
 - b. Make wire connections as shown below, then attach the **Canopy** onto the **Universal Bar** with **Mounting Screw**.
4. Place the **Glass Shade** carefully into the three **Arms**. Secure the **Glass Shade** by threading the **Screws** into the hole and use the rubber bumpers supplied to protect the glass.
5. Straighten each wire by hand – they will continue to straighten after hanging.
6. Install correct Bulbs refer to fixture markings and/or labels for maximum wattage. (Bulbs Included)
