ASSEMBLY INSTRUCTION 24040 CONSOLE TABLE

1. Place the tabletop upside down on a flat clean surface. Protect with either a blanket or towels to prevent damage to finished surfaces.
2. Assemble the short posts to metal stretcher as picture shown. (**IMPORTANT: Do not tighten the bolt until assembly is completed**)
3. Tighten the long posts to table top as shown. Place the stretcher on the bottom of the long post.
4. The legs should be inserted through the short post as shown and tighten.
5. Tighten the bolts on the short post and metal stretcher. Assembly is now complete.
6. Carefully turn table to the upright position taking care not to damage the finish.
